# Macular Disease Foundation Australia Patient Referral Form

Macular Disease Foundation Australia is a national charity with a mission to reducing the incidence and impact of macular disease in Australia. The most common macular disease is macular degeneration, followed by diabetic retinopathy and other retinal dystrophies.

The Foundation is committed to supporting patients as well as their family and carers with information, support and real understanding. All services are provided free.

**If you would like to register for access to the Foundation's services, please complete this form.**

=====

Title: \_\_\_\_\_ First Name: \_\_\_\_\_ Last Name: \_\_\_\_\_

Address: \_\_\_\_\_
